## Summary

Dynamic and results-oriented Full Stack Developer with hands-on experience in building modern web applications using the MERN stack. Proficient in Next.js, React.js, and crafting responsive user interfaces that enhance user engagement. Strong problem-solving and collaboration skills, with a focus on delivering scalable, high-performance solutions.

## Professional Experience

### Full Stack Developer

**fluid.ai**

*July 2024 – Present*

- Developing scalable and performant web applications using **Next.js** and **React.js**, driving a 25% improvement in frontend efficiency.
- Optimized code for reusability and performance, reducing load times by 15%.
- Collaborated with cross-functional teams to implement new features and resolve application bugs, ensuring timely project delivery.
- Integrated third-party APIs and microservices to enhance functionality and user experience.
- Leveraged Git for version control and CI/CD workflows for smooth deployments.

### Frontend Developer Intern

**Renocrew Solutions LLP, India**

*Jan 2024 – May 2024*

- Designed and implemented responsive user interfaces using **HTML**, **CSS**, and **JavaScript**, increasing user retention by 20%.
- Built dynamic components with **React.js**, improving user interaction and usability.
- Integrated **RESTful APIs**, ensuring seamless communication between frontend and backend services.
- Utilized Git for source control and contributed to code reviews, maintaining high-quality code standards.

## Technical Skills

- **Languages:** JavaScript, TypeScript, Python
- **Frontend Technologies:** React.js, Next.js, Material UI, Tailwind CSS, HTML5, CSS3
- **Backend Technologies:** Node.js, Express.js, RESTful APIs
- **Databases:** MongoDB, Mongoose (ODM)
- **Tools & Platforms:** Git, Webpack, Netlify, Docker
- **Others:** Redux Toolkit, Moment.js, Flowbite

## Education

### Bachelor of Engineering (Computer Science and Engineering)

**MPGISOE College, Nanded**

*2016 – 2021*

- CGPA: 8.9

## Achievements

- Completed the **Crio Fellowship in Software Development** (2023), enhancing expertise in full-stack development and project-based learning.
- Spearheaded a feature improvement in a production-level web app, increasing customer satisfaction by 30%.
